Truly organic

BELOVED PIECES FOR CHILDREN, MODERN AND SUSTAINABLE.

kikadu was born out of the vision to establish sustainable but also fair and socially produced toys and accessories for babies and children as the new norm. At the heart of everything we do is our deep responsibility and connection for our planet, for people, animals and our environment.

Made from safe materials, we want to give little ones beloved and indispensable play friends by their side that calm them during play and encourage their development. For the well-being of the whole family and for parents who want to experience child-friendly design in a natural way in their modern lifestyle.

We believe that trust and transparency are relevant when it comes to sustainability. That is why we are committed to the Global Organic Textile Standard (GOTS). The GOTS certificate guarantees that a product is produced from the raw material to the finished product completely ecologically and under social criteria.

LIEBLINGSSTÜCKE FÜR KINDER, MODERN UND NACHHALTIG.

kikadu ist aus der Vision entstanden, nachhaltiges aber auch fair und sozial produziertes Spielzeug und Accessoires für Baby und Kinder als neue Norm zu etablieren. Im Mittelpunkt unseres Handelns steht unsere tiefe Verantwortung und Verbundenheit für unseren Planeten, für Mensch, Tier und unsere Umwelt.

Hergestellt aus sicheren Materialien, möchten wir den Kleinen geliebte und unverzichtbare Spielfreunde an ihre Seite geben, die sie beim Spielen beruhigen und in ihrer Entwicklung fördern – für das Wohlbefinden der ganzen Familie und für Eltern, die kindgerechtes Design auf natürliche Weise in ihrem modernen Lebensstil erleben möchten.

Wir glauben, dass Vertrauen und Transparenz relevant sind, wenn es um Nachhaltigkeit geht. Daher haben wir uns dem Global Organic Textile Standard (GOTS) verpflichtet. Das GOTS-Zertifikat garantiert, dass ein Produkt vom Rohmaterial bis zur Vollendung vollständig ökologisch und unter sozialen Kriterien hergestellt ist.

LIFE-LONG LASTING CHILDHOOD COMPANIONS.

With our naturally modern product design, we want to appeal to both, children and parents with a modern lifestyle. Our many years of expertise flow into every product. The starting point for our product development is always carefully selected natural materials. The focus of the product design is on childlike shapes and figures as well as tasteful colour and fabric combinations. All products are developed with care and attention to detail. Child-friendly products with which the little ones can cuddle and play without hesitation and also become beloved childhood companions for further generations.

SAFE FOR CHILDREN AND EVERYBODY INVOLVED ALONG THE MANUFACTURING PROCESS.

The health and well-being of our customers, as well as all the people involved in the production of kikadu, is a matter close to our hearts. Nature and what it gives us form the basis of our entire product range. We use almost only GOTS certified organic cotton, FSC-certified wood, natural rubber and recycled materials.

No pesticides, harmful dyes or hazardous chemicals are used in the entire manufacturing chain. Our products do not contain harmful residues, they are gentle and kind to the skin, so children can cuddle and play with our products without hesitation.

LANGLEBIGE KINDHEITSBEGLEITER.

Mit unserem natürlich modernen Produktdesign möchten wir sowohl Kinder als auch Eltern mit einem modernen Lifestyle ansprechen. Unsere langjährigen Fachkenntnisse fließen in jedes Produkt mit ein. Ausgangsbasis unserer Produktentwicklung sind immer sorgsam ausgewählte, naturbelassene Materialien. Im Mittelpunkt des Produktdesigns stehen kindliche Formen und Figuren sowie geschmackvolle Farb- und Stoffkombinationen. Alle Produkte werden sorgfältig und mit viel Liebe zum Detail entwickelt. Kindgerechte Produkte, mit denen die Kleinen bedenkenlos Kuscheln und Spielen können und auch für weitere Generationen geliebte Kindheitsbegleiter werden.

SICHER FÜR KINDER UND ALLE MENSCHEN, DIE AN DER HERSTELLUNG BETEILIGT SIND.

Die Gesundheit und das Wohlbefinden unserer Kunden, als auch aller Menschen, die an der Produktion von kikadu beteiligt sind, ist uns eine Herzensangelegenheit. Die Natur und was sie uns schenkt, bildet die Grundlage unserer gesamten Produktpalette. Dafür verwenden wir fast ausschließlich GOTS zertifizierte Bio-Baumwolle, FSC-zertifiziertes Holz, Natur-Kautschuk und recycelte Materialien.

In der gesamten Herstellungskette kommen keine Pestizide, gesundheitsschädlichen Farben oder gefährlichen Chemikalien zum Einsatz. Unsere Produkte enthalten keine schädlichen Rückstände, sie sind sanft und freundlich zur Haut, so dass Kinder bedenkenlos mit unseren Produkten kuscheln und spielen können.

Global Organic Textile Standard – GOTS

Almost all our textile products are certified with the GOTS seal. However, products without the GOTS seal are no less ecological. GOTS is a textile standard. As soon as we have a combination of organic textiles with, for example, FSC-certified wood or natural rubber, GOTS certification is not possible due to the textile regulations.

GOTS is recognised as the world's leading processing standard for textiles (clothing, home textiles, and personal care products) made from certified organically produced raw materials. It includes strict environmental and social criteria for operations along the entire textile supply chain.

Only textile products made from at least 70% (label grade 'made with organic*') or 95% (label grade 'organic**') certified organic raw materials can become GOTS-certified.

Fast all unsere textilen Produkte sind mit dem GOTS Siegel zertifiziert. Produkte ohne das GOTS Siegel sind aber nicht weniger ökologisch. GOTS ist ein Textilstandard. Sobald wir eine Kombination von Bio-Textilien mit beispielsweise FSC-zertifiziertem Holz oder natürlichem Kautschuk haben, ist eine GOTS Zertifizierung aufgrund der Textilregulierungen nicht möglich.

GOTS ist als weltweit führender Standard für die Verarbeitung von Textilien aus zertifiziert biologisch erzeugten Naturfasern anerkannt. Er stellt strikte umwelttechnische Anforderungen an die gesamte textile Produktionskette und verlangt gleichzeitig die Einhaltung von Sozialkriterien.

Nur textile Produkte, die aus mind. 70% (Labelstufe „made with organic*“) oder 95% (Labelstufe „organic**“) kontrolliert biologischen Rohfasern hergestellt wurden, dürfen das GOTS-Siegel tragen.

GOTS-certified products made from at least 95% certified organic raw materials (label grade 'organic').

GOTS zertifizierte Produkte, die aus mind. 95% kontrolliert biologischen Rohfasern hergestellt wurden (Labelstufe „organic“).
